## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-8 are allowed.
2. The following is an examiner's statement of reasons for allowance: it is neither anticipated nor obvious over the prior art of record to have a dual magnetron power sputtering apparatus as claimed by Applicant in claims 1 and 6.
3. Lehan and Benjamin do not individually disclose the invention. Benjamin does disclose a balancing circuit, but the balancing circuit does not deliver power to 2 different items so that they each get equal power. Modifying Lehan and Benjamin to have the balancing circuit deliver equal power to 2 separate targets would require hindsight.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
